You should pay these fees as soon as possible. You won't be able to apply for or have your residency permit for studies approved until you've done so.

Apply for residence permit in Sweden
Citizens from outside the EU/EEA and Switzerland have to apply for a residence permit if they are planning on studying in Sweden for longer than three months. You should apply as soon as possible since it can take more than 3 months to get a residence permit.

Insurance
You should make sure that you have insurance for yourself, your property and your accommodation. The Legal, Financial and Administrative Services (Kammarkollegiet) supply students at Umeå University with some insurance cover. The insurance policy applies in Sweden and provides students with an accident cover during study hours, and direct travel in between the university and the students home. We do however recommend all students to make sure they are properly insured before coming to Umeå. Any medical care that you seek in Sweden may be very expensive.
